Selecting and Annotating a Dataset for NLP

Wendy Chapman, Jianlin Shi, Olga Patterson
Wendy Chapman 412-654-1048, wendy.chapman@utah.edu

Syllabus

Day/Time	Topic	Lead	Note book
Monday			
9-9:30	Introductions & set up	Wendy	00
9:30-10:30	Introduction to annotation and chest x-ray reports	Wendy	01, 02
10:30-11	Explore data & create dataset	Jianlin	03
11-11:30	Annotate dataset: - Introduction to annotation tool: Brat - Do annotations on 10 reports	Jianlin	04
11:30-1:00	Break for lunch and seminar		
1:10-1:30	The Annotation process	Jianlin	05
1:30-2:30	Outcome metrics	Wendy	06
2:30-3:30	Calculate and discuss your agreement - Pairwise annotation agreement - Gold standard document classification	Wendy. Olga, Jianlin	07
3:30-4:00	Final discussion - annotation in the context of the following NLP course	Wendy
